

Re-Opening

The position the Nation is in with regards to dealing with the COVID-19 Pandemic is such that we anticipate we will be allowed to RE-OPEN the leisure centres on 12th April - which is GREAT news for everyone as we can welcome you back.

We will be re-opening the following:

- * all gyms
- * group class programme (see our website for the full programme)
- * swimming pool at Cygnet Leisure Centre (see our website for the full programme)
- * sports halls at Cascades and Cygnet Leisure Centres (we are still supporting the NHS with its COVID-19 Testing Station at the sports hall at Swanscombe Leisure Centre)
- * squash courts at Cascades and Cygnet Leisure Centres.

Please see our website for the procedures we will be adopting to ensure your safety, and we would really appreciate, for everyone's sake, that you make every effort to help us all stay fit and healthy.

This means that we are pleased to be able to re-start your annual membership from 12th April in preparation for you to re-start your health and wellbeing journey. Please be assured that all lost days of your membership, due to us being closed, have been taken into account with us automatically extending the end date of your annual membership.

Our current live stream and pre-recorded class programme will continue to be available to you and we are excited to be adding an outdoor class element to this programme as from 29th March, so please feel free to book from now.

We would like to take this opportunity to thank you once again for your support during the last 12-months - it really is appreciated.

So, if there are no surprise changes in the meantime, we look forward to seeing you on 12th April back at the leisure centres.

Our best wishes,

Team GCLL
